

Australasian Society of Respiratory Technology

1985 Annual Scientific Meeting Bardon Professional Centre, Brisbane, Queensland. March 16-17, 1985.

Scientific Program

Oral Presentations

UPPER AIRWAY PROPERTIES IN PATIENTS WITH OBSTRUCTIVE SLEEP APNOEA.

I.G. Brown.

Royal Brisbane Hospital.

METHACHOLINE CHALLENGE USING AN ULTRASONIC NEBULISER AS A DELIVERY SYSTEM.

Maureen P. Graves and Donald E. Stewart

Respiratory Physiology, Princess Margaret Hospital, Christchurch, New Zealand.

THE EFFECT OF INSPIRATORY MUSCLE TRAINING ON EXERCISE CAPACITY IN PATIENTS WITH SEVERE STABLE CHRONIC AIRFLOW LIMITATION.

C.A. Kelly, J.L. McKeon, A.G. Dent, P.V. Zimmerman

Respiratory Investigation Unit, The Prince Charles Hospital, Chermside, Queensland.

INTERLABORATORY VARIATION OF THE SINGLE BREATH DLCO.

A. Outhred, M. Parmentier, D. Silver and R. Simmul

Respiratory Investigation Unit, Royal North Shore Hospital, New South Wales.

PRELIMINARY RESULTS OF THE SINGLE BREATH TLCO QUESTIONNAIRE.

David P. Johns, Peter D. Rochford and Hennig Imberger.

Respiratory Laboratory, Austin Hospital, Heidelberg, Victoria.

THE ROLE OF THE RESPIRATORY TECHNOLOGIST IN ASTHMA EDUCATION.

J.G. Shaw, M.M. Budge, P.V. Zimmerman

Respiratory Investigation Unit, The Prince Charles Hospital, Chermside, Queensland.

METABISULPHITE AND SULPHUR DIOXIDE REACTIVITY IN THE ASTHMATIC SUBJECT.

D. Allen, J. Delohery, R. Simmul

Royal North Shore Hospital, New South Wales.

AN EVALUATION OF SPIROMETERS IN CLINICAL USE.

John C. Tomlinson and Jenny T. Baker.

Respiratory Laboratory, Princess Alexandra Hospital, Brisbane, Queensland.

EFFECT OF CHANGING RIB CAGE / ABDOMINAL CONTRIBUTIONS ON THE ACCURACY OF RESPIRATORY INDUCTIVE PLETHYSMOGRAPHY.

Catherine M. Owen, Margaret M. Smith and Glenn Bowes.

Lung Function Laboratory, Alfred Hospital, Victoria.

SECOND-HAND SMOKE.

M.M. Heiner

Queen Elizabeth Hospital, Brisbane, Queensland.

A COMPUTERISED SPIROMETER.

Hennig Imberger.

Repatriation General Hospital, Heidelberg, Victoria.

THE IMPLEMENTATION OF A COMPUTERISED EXERCISE SYSTEM.

Judith A. Roget.

Lung Function, Alfred Hospital, Melbourne, Victoria.

THE VALIDATION OF A COMPUTERISED EXERCISE SYSTEM.

Judith A. Roget and Margaret M. Smith.

Lung Function, Alfred Hospital, Melbourne, Victoria.

PRACTICAL EVALUATION OF NEBULISER – CLINICAL AIR PUMP COMBINATIONS
FOR RESPIRATORY AEROSOL THERAPY.

D. Schembri, A. Crockett, J. Rowell, G. Henderson.

Respiratory Function Unit, Flinders Medical Centre, Bedford Park, South Australia.
