

Library Corner May 2006

ERJ 2006

Sources of variation in forced expiratory volume in one second and forced vital capacity

S. Chinn, D. Jarvis, C. Svanes, and P. Burney

Eur Respir J 2006;27 767-773

<http://erj.ersjournals.com/cgi/content/abstract/27/4/767?etoc>

Outcomes and markers in the assessment of chronic obstructive pulmonary disease

P. W. Jones and A. G. N. Agusti

Eur Respir J 2006;27 822-832

<http://erj.ersjournals.com/cgi/content/abstract/27/4/822?etoc>

Increasing COPD awareness

J. Zielinski, M. Bednarek, D. Gorecka, G. Viegli, S. S. Hurd, Y. Fukuchi, C. K. W. Lai, P. X. Ran, F. W. S. Ko, S. M. Liu, J. P. Zheng,

N. S. Zhong, M. S. M. Ip, and P. A. Vermeire

Eur Respir J 2006;27 833-852

BMC Pulmonary Medicine 2006.

The relationship between stage 1 and 2 non-small cell lung cancer and lung function in men and women

Samir Malhotra^{1, 2}, Stephen Lam^{1, 3}, SF Paul Man^{1, 2}, Wen Q Gan^{1, 2} and Don D Sin^{1, 2}

BMC Pulmonary Medicine 2006, **6**:2

Influence of condensation temperature on selected exhaled breath parameters

Matteo Goldoni^{1, 2}, Andrea Caglieri², Roberta Andreoli^{1, 2}, Diana Poli^{1, 2}, Paola Manini^{1, 2}, Maria Vittoria Vettori¹, Massimo Corradi^{1, 2} and Antonio Mutti²

BMC Pulmonary Medicine 2005, **5**:10

Respiratory Research 2006

Overexpression of endothelial nitric oxide synthase suppresses features of allergic asthma in mice

Robert Ten Broeke, Rini De Crom, Rien Van Haperen, Vivienne Verweij, Thea A Leusink-Muis, Ingrid Van Ark, Fred De Clerck, Frans P Nijkamp and Gert Folkerts

Respiratory Research 2006, 7:58

Respirology 11(2), March 2006.

Invited Review: President's Lecture

Obstructive sleep apnoea syndrome: Translating science to clinical practice. WT McNicholas and S Ryan. pp136-144

Original articles

Oxygen cost of ventilation during incremental exercise to VO_2 max. CA Vella, D Marks and RA Robergs. pp175-181

Six-minute walk distance in healthy Singaporean adults cannot be predicted using reference equations derived from Caucasian populations. H Poh et al pp211-216.

Chest 129 (3) March 2006

Equivalence of autoadjusted and constant continuous pressure in home treatment of sleep apnoea syndrome. Y Nussbaumer et al. pp638-643.

Influence of β_2 -adrenergic genotype on airway function during exercise in healthy adults. EM Snyder et al. pp762-770

Medical writing tips of the month (new series):

Preparing manuscripts for online submission: Basic information and avoidance of common pitfalls. SJ Welch. pp822-825.

Chest 128 (6) December 2005

Relationship between serum 25-Hydroxyvitamin D and pulmonary function in the third national health and nutrition examination study. PN Black and R Scragg. pp 3792-3798. See also Editorial pp3781-3783.

The effects of pulmonary rehabilitation in the national emphysema treatment trial. AL Ries et al pp 3799-3809. See also editorial pp3789-3784.

Skeletal adaptations to interval training in patients with advanced COPD. I Vogiatzis et al pp3838-3845.

Relationship of dyspnoea to respiratory drive and pulmonary function tests in obese patients before and after weight loss. H El-Gamal et al. pp3870-3874.

The effect of ethanol ingestion on the accuracy of pulmonary diffusing capacity measurement. F Simeone et al. pp3875-3880.

Maximal airway response to methacholine in cough-variant asthma: comparison with classic asthma and its relationship to peak expiratory flow variability. H Kang et al pp3881-3887.

Review:

Exercise-induced bronchoconstriction in athletes. JP Parsons and JG Mastronarde. pp3966-3974.

Difference between dosimeter and tidal breathing methacholine challenge: contributions of dose and deep inspiration bronchoprotection. ND Allen et al. pp4018-4023.

Internal Medicine Journal, 36(4), April 2006

Marijuana lung. S Hii, MT Naughton and A young. Pp270-271

Int Med J Feb 2006, 36(2)

Communication deficiencies in research and monitoring by ethics committees. AS Karunaratne et al. pp86-91. See also editorial p69.

Consent in crisis: the need to reconceptualize consent to tissue banking research. W Lipworth et al. pp124-128

How have we been managing chronic obstructive pulmonary disease in Australia? MC Matheson et al pp92-99. (one DP Johns is included in the author list.)

Obstructive sleep apnoea induced atrial fibrillation. JM Goldin and MT Naughton. p136.

Respirology 1(1), January 2006.

Anaerobic metabolism of inspiratory muscles in COPD. PR Eatwood et al pp32-40.

Recent air travel and venous thromboembolism resulting in hospital admission. R Hughes et al. pp75-79.

Effect of simulated sltitude during sleep on moderate-severity OSA. K Burgess et al. pp62-69.

Thorax 61(2) February 2006.

Mid-expiratory flow versus FEV1 measurements in the diagnosis of exercise induced asthma in elite athletes. JW Dickinson et al. pp111-114. {See also editorial p94}

Med J Australia 184(5). March 2006

Teaching on the run tips 12: planning for learning during clinical attachments. FR Lake and G Ryan. Pp238-239.

European Respiratory Journal 27(3), March 2006

Prevalence of oxygen desaturation and use of oxygen at home in adults at sea level and at moderate altitude. R Perez-Padilla et al. pp594-599.

An ATS/ERS report: 100 key questions and needs in occupational asthma. SM Tarlo et al. pp607-614.

Series "The Global Burden of Chronic Obstructive Pulmonary Disease". Number 3 in series. The natural history of chronic obstructive pulmonary disease. DM Mannino et al pp627-643.

Chest 128(6) (suppl), December 2005.

47th Annual Thomas L Petty Lung Conference: Cellular and Molecular Pathobiology of Pulmonary Hypertension.

*Thanks to Graham Hall and Kevin for their contributions.
That's about it for this month! Don't forget to send in those
"interesting" articles for inclusion each month.*
