

Library Corner September 2006

Here we are, spring has sprung and another edition of Library Corner is hot off the press thanks to the usual faithful contributors without whom library corner would be a much more svelte offering, thank you Brenton, Graham and Kevin. Hope you enjoy the latest and feel free to send in anything you find interesting.

ERJ 28(2) August, 2006

- Lack of tolerance to the protective effect of montelukast in exercise-induced bronchoconstriction in children. FM de Benedictis et al pp291-295.
- Ventilation inhomogeneity in α_1 -antitrypsin deficient emphysema. L Fregonese et al pp323-329.

ERJ 28(1) July, 2006

- G. Davies, A.U. Wells, S. Doffman, S. Watanabe, and R. Wilson
The effect of *Pseudomonas aeruginosa* on pulmonary function in patients with bronchiectasis
