

INVITATION: ASM 2011 QUEENSTOWN

Australian & New Zealand Society of Respiratory Science
Leading Respiratory Science in Australasia through the 21st Century

Dear Colleague,

The Convenors of the Thoracic Society of Australia and New Zealand (NZ Branch) and the Australian and New Zealand Society of Respiratory Science are delighted to be able to announce the program and registration details for the 2011 Joint Annual Scientific Meeting.

By popular demand, the ASM will once again be held in Queenstown this winter, on Thursday and Friday August 25th - 26th. Next year's ASM will be held on the North Island, so this is your best chance of a meeting set against the backdrop of the Southern Alps until 2013!

The preliminary details are enclosed, and as you can see we have an excellent scientific and clinical program in a fantastic location. We are delighted to invite you to join us in Queenstown at the Rydges Hotel and for the Conference Dinner on thursday night at the *threesixty* restaurant.

The ASM promises to be so good it's worth taking on responsibility for the Departmental roster, just to make sure you aren't on call!

So we will look forward to seeing you again at the Meeting, over a pinot at the dinner, or on the slopes afterwards....

With best wishes

Dr Ben Brockway
Hamish Collie, CRFS
Prof Robin Taylor
