

Queensland Winter Meeting
July 19-20, 2008
Respiratory Infectious Disease

Provisional Programme

The following is an outline of what topics we would like to cover during the weekend. Please note, the times and topics may change depending upon speaker availability. A final programme will be circulated at a later date.

In line with feedback from previous meetings, we plan to include clinically-relevant, case-based sessions.

Saturday

08.30	Update on community and hospital-acquired pneumonia
10.00	Morning Tea
10.30	Atypical pneumonia: common and less common aetiologies
12.00	Lunch (partner/ family welcome to attend)
13.00	Pulmonary fungal disease and nocardiosis
14.30	Afternoon tea
15.00	Case-based discussion
16.30	Break
19.00	Conference Dinner (partner/ family welcome to attend)

Sunday

09.00	TBA
10.30	Morning Tea
11.00	The Microbiology laboratory in the diagnosis of respiratory infection
12.30	Lunch (partner/ family welcome to attend)
