

## *Trade Topics – February 2004*

The only news this month is from Mat van Heerden who sent in the following letter:

I'm writing to inform you that I am no longer with Technipro Marketing. I have enjoyed the last three years working with you and will miss my Technipro contact with you. I'm sure Ed will keep in close contact with you and please direct your enquiries to [technipro@technipro.com.au](mailto:technipro@technipro.com.au) or contact Ed on 02 9890 9311.

I am taking up a new challenge and direction as from 2 February, when I take up the position of Referee Development Officer for the Victorian Rugby Union. I will be responsible for the recruitment, training and development of rugby union referees and referee coaches in Victoria. For those of you that know me well, you will realise how happy I am to be taking on this new role.

Thank you for the assistance you have given me in the past.

Yours sincerely

Thanks for your contributions Mat. You have always been the first off the rank when requests for news have gone out. I wish you well in your new endeavours.

I am not going to chase material for this page any longer as the return for my efforts is insufficient to make it worthwhile. I find this rather disappointing as I set the page up as a service to our sustaining members who clearly do not feel the effort is worth it for them. I guess this is a reflection of the times we live in.

Should there be any announcements required I will consider an as and when page for news.
